**Past Commodore – P.P.Y.C.**

## ACKNOWLEDGEMENTS

The Massachusetts Boating and Yacht Clubs, Inc. is honored to present the 2011 edition of the Yearbook.

I would like to thank our member clubs, their officers and club members who responded with ads and boosters that made our publication possible. I would also like to acknowledge and thank our printer, The Ink Spot, for their tireless and dedicated efforts to continuously aid in improving our book each year.

Without the support of clubs, advertisers, sponsors and patrons, MBYCA would be unable to continue with the objectives of encouraging safe boating, as well as monitoring and reporting legislation that affects the boating community.

A handwritten signature in cursive script, reading "Cheryl Pote Chisholm".

# MASSACHUSETTS BOATING & YACHT CLUBS ASSOCIATION

## FOREWORD

The Massachusetts Boating and Yacht Clubs Association, Inc. present our yearbook in the interest of all boaters.

The objectives of the Association are to encourage safe yachting, seamanship and navigation, and to monitor and report on proposed legislation affecting the boating public, and to actively support legislative issues which are important to boaters and yacht clubs.

The Officers and the Board of Directors of your Association thank you for your support in public hearings, making financial contributions, contacting legislators and writing letters to oppose detrimental legislation. It is only through a unified effort that we will be able to continue to economically enjoy the ocean resorts available to us along the coastline of the Commonwealth.

We extend our appreciation to the United States Coast Guard and its auxiliary, The United States Power Squadrons, and the Harbormasters of our cities and towns. We also thank the DCR, the State Police and the Division of Law Enforcement for their contributions to safe boating.

We extend a special thanks to the 100% booster clubs and those clubs who offer the organization the hospitality of their facilities for our monthly meetings.

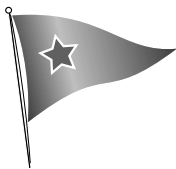

To all, we wish a happy and safe boating season.

**Best Wishes to all Members of  
Massachusetts Boating and  
Yacht Clubs Association  
For a Fun and Safe Boating Season**

**Come and Enjoy the Friendly Spirit at  
MBYCA Member Clubs**

- **Invite MBYCA Members Clubs to participate at your Special Events**  
*(Charitable Benefits, Rendezvous, Fishing Tournaments)*
- **List your Special Event on the Social Calendar of the website [www.mbyca.org](http://www.mbyca.org) by contacting:**  
**Carol Gilson, MBYCA Social Chairman**  
**[mbyca\\_social@yahoo.com](mailto:mbyca_social@yahoo.com)**
- **Announce your Special Event at the Monthly MBYCA General Meeting**

## COMMODORE'S MESSAGE

It is an honor and pleasure to serve as Commodore of MBYCA for 2011. I am additionally privileged to follow in the footsteps of Past Commodores John E. Murphy (1952) and Charles A. McManus (1977) from the South Boston Yacht Club.

Any organization is only as good as its members, and I have been fortunate to be supported by a superbly qualified, dedicated cadre of Flag Officers and Directors. Their selfless commitment to the objectives of MBYCA is much appreciated.

Our Board members monitor many organizations including: USCG, USCG Auxiliary, USPS, Corps of Engineers, the Port Operators Group, NBF, Mass Environmental Police, Mass Harbormasters, DCR, State and Federal legislation. We presented at the second annual USCG Safety and Security Industry Day to broaden exposure of MBYCA, its mission, history, objectives and concerns.

Today the recreational boating community is faced with increasing challenges on every front, including commercial development of near coastal waters, to port security constraints, increased mooring and excise fees, increasing fuel costs, transitioning to leases for clubs on state property, proposals for implementation of additional federal requirements and, of course, the most difficult economy in recent memory.

Your MBYCA Board has actively trimmed expenses during these difficult times. PC Clay Robinson and Treasurer Marilyn Pearson have led this effort with strong support from the entire Board. A positive result of this dedicated effort is that, for the first time, we have been able to offer a modest scholarship to an entering maritime freshman whose family belongs to a member club.

PC Cheryl Chisholm has again done an outstanding job of producing our Yearbook, which earns most of our annual income. Under her stewardship the book has increasingly become the definitive reference on recreational boating in Massachusetts. A special thank you to those club members who prepare the club information submitted for publication. We encourage you to patronize our commercial advertisers, who make our yearbook possible.

This year, PC Chisholm has added an "In Memoriam" page to honor those club members who have "crossed the bar."

A special thanks to our member clubs and their "boosters," without whom we could not exist. The delegates who faithfully attend our monthly meetings are truly the backbone of our organization and do an excellent job of informing their clubs on current issues ranging from education, to legislation and safety.

Please join us at our Rendezvous this year at the Nantasket Beach Salt Water Club where the theme will be "Pirates of Boston Harbor." Last year was a sellout, so book early!

We look forward to working with all the yacht clubs in the coming year to promote favorable legislation, safe boating and camaraderie.

May you have calm seas, the wind at your stern and great weather all season!

With best regards,

Peter Gilson  
Commodore, MBYCA

## A SPECIAL THANKS TO OUR ADVERTISERS

*The revenue from the advertisements from business firms,  
member clubs and individuals represented herein significantly  
contributed to making this 2011 Massachusetts Boating and  
Yacht Clubs Association, Inc. Yearbook possible.*

*When you patronize the business firms who have  
advertised with us, please mention*

*“I saw your advertisement in the M.B.Y.C.A. Yearbook.”*

## **INVITATION**

### ***Thunderbird Class ~ 53<sup>rd</sup> Anniversary 2011 Massachusetts Bay Thunderbird Fleet #5***

*If you love the tranquility of the sunset beyond the horizon,  
the orange-purple sky reflecting in the deep blue colors of the sea;  
if you love the salty spray and wind in your face and the  
feeling of youth no matter your age; if you love the rushing  
water's song under your keel, the calling sounds of seagulls and  
the moonlit bay on a balmy summer night – you are one of us.  
Welcome to the sea, skipper!*

*If you love the excitement at the docks, the rounding of a buoy,  
the beating to the wind and the run with the spinnaker;  
if you love the races, fierce competition, the regattas and the limelight  
of victory, the trophies you cherish, the fellow you beat;  
if you love the speed of your boat, the gunwale awash, the pressure  
on your tiller and the sky above – you are one of us.  
Welcome to the sea, skipper!*

*We invite you to join us to admire the sunset on our cruises,  
to take home the trophies on our races. The Massachusetts Bay Thunderbird  
Association, Fleet 5, invites, welcomes all, who love the sea to join us.*

*You too, skipper.*

## J. Eric Chisholm, Esq. Attorney At Law

### ◆ Workers' Compensation

If you've been hurt at work through a specific incident, a repetitive motion/stress injury, overexposure to chemicals, and you've missed more than 5 days of work as a result, then you may be entitled to workers' compensation benefits.

### ◆ Social Security Disability

If you've worked 5 out of the last 10 years, and have either been out of work for at least one year, or expect to be out of work for at least one year, then you may be entitled to Title II disability insurance benefits through the Social Security Administration.

### ◆ Personal Injury

If you've been physically or emotionally harmed by the negligence or recklessness of another, then you are entitled to file a claim against the wrongful party.

## Tidal Heights and Depths

**Spring Tides** – tides of increased range, occurring twice a month, around the times of the new and the full moons.

**Neap Tides** – tides of decreased range, occurring twice a month, around the times of the waning and the waxing half moons.

**Diurnal Inequality** – the difference in height of the two daily low waters or the two daily high waters. It is a result of the moon's (and to a lesser extent, the sun's) changing declination.

**Mean High Water, Spring** – the mean of the high water heights of spring tides.

**Mean High Water** – the mean of all high water heights; the charted clearance of bridges, etc. is measured from this height.

**Mean High Water, Neap** – the mean of high water heights of neap tides.

**Mean Low Water, Neap** – the mean of low water heights of neap tides.

**Mean Low Water** – the mean of all low water heights.

**Mean Low Water, Spring** – the mean of the low water heights of spring tides.

**Mean Lower Low Water Datum** – the mean of the lower low water heights; charted depths originate from this reference height or datum.

Local Standard Time

© US Harbors

Tides from station ID 8444162

We hope you find these local tide charts useful. Please be aware that all tide charts are really just predictions and assume average weather conditions. Usually, onshore winds or low barometric pressure will produce higher tides than predicted and vice-versa.

While we take a lot of care to make these charts as accurate as possible, the MA Marine Trades Association does not warrant the accuracy, completeness, or fitness for a particular purpose of any tide, sun, and lunar information offered through this service. Under no circumstances shall the MA Marine Trades Association be liable to you or any other person for any indirect, special, incidental, or consequential damages arising from the use of this service.

Tides from station ID 8444162

We hope you find these local tide charts useful. Please be aware that all tide charts are really just predictions and assume average weather conditions. Usually, onshore winds or low barometric pressure will produce higher tides than predicted and vice-versa.

While we take a lot of care to make these charts as accurate as possible, the MA Marine Trades Association does not warrant the accuracy, completeness, or fitness for a particular purpose of any tide, sun, and lunar information offered through this service. Under no circumstances shall the MA Marine Trades Association be liable to you or any other person for any indirect, special, incidental, or consequential damages arising from the use of this service.

Local Standard Time

© US Harbors

Tides from station ID 8447180

We hope you find these local tide charts useful. Please be aware that all tide charts are really just predictions and assume average weather conditions. Usually, onshore winds or low barometric pressure will produce higher tides than predicted and vice-versa.

While we take a lot of care to make these charts as accurate as possible, the MA Marine Trades Association does not warrant the accuracy, completeness, or fitness for a particular purpose of any tide, sun, and lunar information offered through this service. Under no circumstances shall the MA Marine Trades Association be liable to you or any other person for any indirect, special, incidental, or consequential damages arising from the use of this service.

## Premier Ship Models

Explore our **Custom Built Yacht Collection** among a variety of over 600 ship models.

You can be assured that the model ships, sailboats and yachts that you buy from our site are made with so much of **minute** detailing that they fall short of the original only in terms of the size!

# Pickering Wharf Marina

## Description of Facilities

Pickering Wharf Marina is a full service facility located in Salem, Massachusetts. Our docks surround Pickering Wharf, a mixed-use development consisting of retail shops, restaurants, office space, and residential condominiums. We offer summer and protected winter dockage to power and sail boats up to about 55 feet, and transient dockage for boats up to 120 feet. Both 30 and 50 amp electrical service is available, along with telephone and cable television hook-up. We have clean showers, heads, and laundry facilities.

**Location:** Salem Sound • 978-744-2727  
**LAT:** 42.519987 N **LON:** -70.889751 W  
**VHF Channel:** 9

During the summer months, our helpful dock staff is on duty from 8:00 am to 10:00 pm. Our approach and alongside depths are a little better than 7 feet at mean low water.

## Marina Approach & Docking

From the Red 16 marker in Salem Sound, take a course heading of 217 degrees True, putting you inline with Red 2 Day Marker in the center of Salem Harbor. After passing Red 2 Day Marker to starboard, come West and head 273 degrees True, toward the Red 4 flashing buoy. Passing the Red 4 flasher to starboard, you will be able to identify a small white lighthouse with the black top visible at the end of Derby Wharf. Keeping the lighthouse off to the starboard and the Green 5 Marker to port, head straight down the channel towards the S/V 'Friendship' and just off your port bow you will see the entrance to Pickering Wharf Marina.

## At A Glance

**Dockage Rate:** \$170/ft-Summer, \$55/ft-Winter, \$2.75/ft-Night, \$10/ft-Week, .25/ft Hourly-2 hour min.

"What we once enjoyed and deeply loved we can never lose.  
For all that we loved deeply becomes a part of us forever..."

— Helen Keller

☞ **MAY GOD BLESS YOU ALL** ☞

## *A Sailor's Prayer*

*The Lord is my pilot, I shall not drift.*

*He lighteth me across the dark waters,*

*He steereth me into the deep channels,*

*He keepeth my log.*

*He guideth me by the star of holiness for his name's sake.*

*Yea, though I sail 'mid the thunders and the tempest of life,*

*I shall dread no danger, for thou art near me.*

*Thy love and care, they shelter me.*

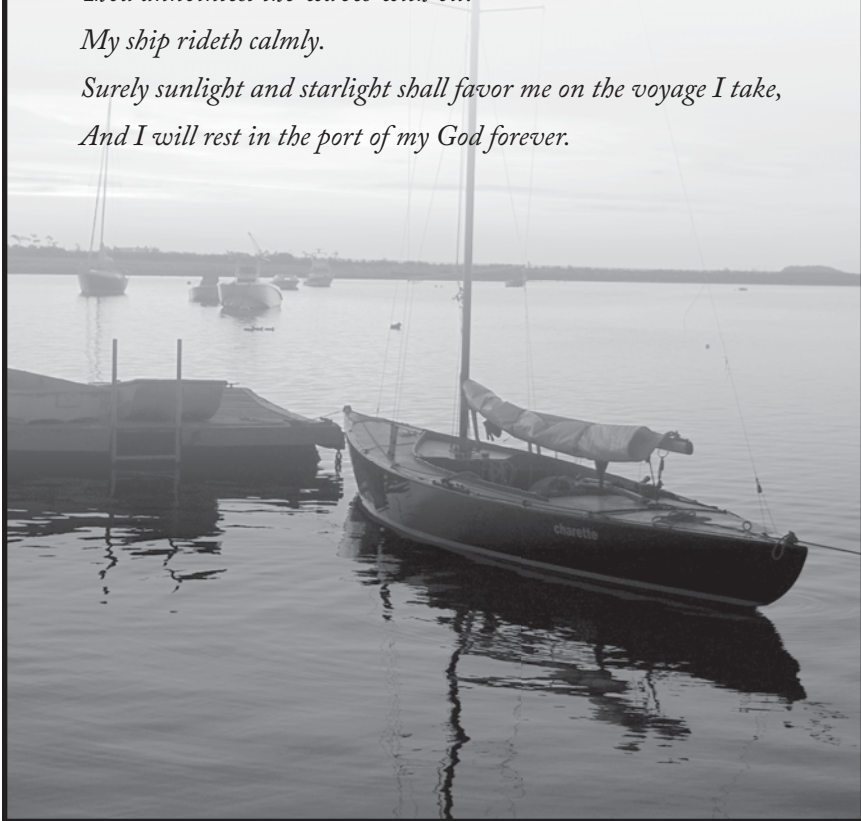

*Thou preparest the harbor before me in the homeland of eternity.*

*Thou annointest the waves with oil.*

*My ship rideth calmly.*

*Surely sunlight and starlight shall favor me on the voyage I take,*

*And I will rest in the port of my God forever.*

## **MBYCA OBJECTIVES**

- 1. To promote a social and friendly spirit among the associated Clubs/Groups.**
- 2. To assist in the protection of lives, property and the rights of the yachtsmen.**
- 3. To assist in the observance of all United States Government rules and regulations.**
- 4. To assist, encourage and promote, sponsor and administer interclub racing and other yachting events, that may be undertaken by the association in conjunction with other boating oriented organizations, or with governmental entities, or by or amongst clubs, or other boating groups, and to foster the education of the boating public, and to apply for, and/or accept grants or bequests for any of the purposes of these objectives.**
- 5. To monitor legislative and rule making activity, both Federal and State, affecting the boating fraternity, and to assist and encourage compliance with all laws, rules and regulations, both Federal and State, relating to boating and to participate in such commissions and advisory boards, or other activity, that may result therefrom.**

## MARINE EMERGENCY AND DISTRESS CALLS

**Speak Slowly and Clearly.** Use: Ch. 16 (156.8 MHz) or 2182 kHz or CB Radio Ch. 9

### I. DISTRESS SIGNAL (top priority)

If you are in DISTRESS (i.e. when threatened by grave and imminent danger) transmit the International DISTRESS call on either 2182 kHz or 156.8 MHz (Channel 16) - "MAYDAY MAYDAY MAYDAY, THIS IS (Your vessel's name and call sign repeated three times)"

#### IF CALLING FROM A VESSEL IN TROUBLE – give:

1. WHO you are (Your vessel's call and name).
2. WHERE you are (Your vessel's position in latitude/longitude or true bearing and distance in nautical miles from a known geographical point. Local names known only in the immediate vicinity are confusing).
3. WHAT is wrong (Nature of Distress or Difficulty, if not in Distress).
4. Kind of assistance desired.
5. Number of persons aboard and condition of any injured.
6. Present seaworthiness of your vessel.
7. Description of your vessel (length, type cabin, masts, power, color of hull, superstructure and trim).
8. Your listening frequency and schedule.

#### IF CALLING WHILE OBSERVING ANOTHER VESSEL IN DIFFICULTY – give:

1. Your position and the bearing and distance of the vessel in difficulty.
2. Nature of Distress or Difficulty.
3. Description of the vessel in Distress or Difficulty (see item 7 above).
4. Your intentions, course and speed, etc.
5. Your radio call sign, name of your vessel, listening frequency and schedule.

If there is no immediate response, repeat appropriate messages above; if still no response, you may send on any other available frequency until you make contact.

**IF YOU HEAR A MAYDAY CALL** – Immediately discontinue any transmission. Note details in your radio log right away. Do not make any transmission on this DISTRESS channel until MAYDAY condition is lifted by the Coast Guard, unless you are in a position to be of assistance.

### II. URGENCY SIGNAL (second in priority)

If you have an URGENT message to send (threat to a vessel's safety or to someone on board, overboard or within sight), use the same procedure as above but say the word "PAN" three times. "PAN" (pronounced "PAWN") is also used as a warning signal that a Distress Signal may be sent out at a later stage. Radio telegraph signal is – (T) – (T) – (T)

### III. SAFETY SIGNAL (third priority)

If you wish to report navigation or weather warnings (ice, derelicts, tropical storms, etc.) use the same procedure as above but say the word "SECURITY" (pronounced SAY-CUR-I-TAY) three times. Radio telegraph signal is — • • • — (X) — • • • — (X) — • • • — (X)

**OTHER DISTRESS SIGNALS** — Flag Hoist "NC"; Flying ensign upside down; Hoisting any square flag with a ball above or below it; Flames in a bucket; Red flare or rocket; Orange smoke; Dye marker; Flashlight • • • (S) — — — (O) • • • (S); Firing a gun repeatedly; Fog horn sounded continuously; Raising and lowering arms slowly. NOTE: 3 aerial or hand-held flares now mandatory for night use for all vessels over 16'.

## RADIO TELEPHONE INFORMATION – VHF SYSTEM

### GENERAL INFORMATION ON THE 156-162 MHz VHF-FM MARINE RADIO

**Calling Guidelines:** Avoid excessive calling. Make calls as brief as possible. Give name of called vessel first, then “This is (name of your vessel),” your call sign, and the word “Over.” If station does not answer, delay your repeat call for 2 minutes. At the end of your message, sign off with “This is (your vessel’s name),” your call sign, and “Out.”

**Range and Power:** Operation is essentially line-of-sight. Since the elevation of antennas at both communication points extends the “horizon,” range may be 20 to 50 miles on a 24-hour basis between a boat and a land station. Effective range between boats will be less because of lower antenna heights. 25 watts is the maximum power permitted.

**Interference factor:** Most VHF-FM equipment has 6 or more channels, so it is possible to shift to a clear channel. Like the FM in your home radio, the system is practically immune to interference from ignition noise, static, etc., except under unusual conditions.

**Channelization:** A minimum of 3 channels is required by the FCC. Two are mandatory: Channel 16 (156.80 MHz), the National Distress frequency; and Channel 06 (156.30 MHz), the Intership Safety Frequency. The Coast Guard *strongly recommends* that you have Channel 22 as your third channel.

Channel	Purpose and Comments
<b>16</b> 156.80 MHz	<b>DISTRESS and SAFETY:</b> Ship to Shore and Intership. Guarded 24 hours by the Coast Guard. No routine messages allowed other than to establish the use of a working channel. <b>CALLING:</b> Ship to Shore and Intership. Use Channel 16 to establish contact, then switch to a working channel (see below). Calling Channel: New England waters. Commercial and pleasure.
<b>09</b> 156.45 MHz	<b>Calling Channel:</b> New England waters. Commercial and pleasure.
<b>06</b> 156.30 MHz	<b>INTERSHIP SAFETY:</b> No routine messages allowed. 06 is limited to talking with the Coast Guard and others at the scene of an emergency, and to information on the movement of vessels.
<b>22</b> 157.10 MHz (21 in Canada) 161.65 MHz	<b>COAST GUARD COMMUNICATION</b> channel. Not guarded by the CG, but after a vessel makes contact with the CG for non-distress calls on Channel 16, they will tell you to switch and use <i>only</i> 22 for communicating. Channel 22 is also used for CG weather advisories and Notices to Mariners. <i>Times</i> of these broadcasts announced on Channel 16.
<b>12, 14, 20, 65, 66, 73, 74, 77</b>	<b>Ship to Shore and Intership:</b> Port operations, harbor masters, etc. (Your electronics dealer should have local frequencies.)
<b>8, 67, 88</b>	<b>Commercial (Intership only).</b> For ocean vessels, dredges, tugs, etc.
<b>7, 10, 11, 18, 19, 79, 80</b>	<b>Commercial only.</b>
<b>09, 13, 67</b>	<b>Bridge information.</b> Monitored 24 hours by commercial craft.
<b>68, 69, 71, 72, 78</b>	<b>Ship to Shore and Intership, Pleasure craft only.</b> Shore stations, marinas, etc. The best channels for general communication.
<b>70</b>	<b>Digital Selective Calling (DSC).</b> Special equipment required.
<b>24, 25, 26, 27, 28, 84</b>	<b>Marine Telephone Operators.</b>
<b>15</b>	<b>NOAA Weather Reports</b> – primarily weather conditions. WX-1, WX-2, WX-3 (receive only)

## Some Minimum Safety Equipment Requirements

### Visual Distress Signals (all with approval number)

Lengths

- <16' By night: 1 electric SOS flashlight.
- 16–65' By day only: 1 orange flag; 3 floating or 3 hand-held orange smoke signals (not required on no-power open sailboats less than 26', or rowboats, or while racing).  
By day and night: 3 hand-held or 3 pistol or 3 hand-held rocket or 3 pyrotechnic red flares. (All suitable for day use also.)

### Personal Flotation Devices (approved)

Lengths

- <16' 1 Type I, II or III per person.
- 16–65' 1 Type I, II or III per person and 1 Type IV per boat.

## The Inn at Crystal Cove

ON BEAUTIFUL BOSTON HARBOR

**617-846-9217**

**1-877-966-8447** (Out of State Only)

600 Shirley Street • Winthrop, MA 02152

Fax: 617-846-9274 • email: [ccove@tiac.net](mailto:ccove@tiac.net)

website: [www.inncrystalcove.com](http://www.inncrystalcove.com)

The Inn at Crystal Cove is a comfortable, colonial-style hotel located in a residential neighborhood of Winthrop, MA

### **Across the street from the Winthrop Yacht Club and The Crystal Cove Marina**

Winthrop is a pleasant seaside town conveniently located just ten minutes from Logan International Airport and only a short distance by car or public transportation from downtown Boston. The inn overlooks Crystal Cove, a part of scenic Boston Harbor, with a beautiful, unobstructed view of the harbor and the Boston skyline. Boats from yacht clubs adjacent to the

Inn enhance the New England seaside atmosphere. Enjoy the view from our swimming pool and landscaped yard.

There is also a park with basketball courts located next to the Inn. We offer furnished hotel rooms in a friendly, casual atmosphere, at sensible rates. Complete living facilities are available for our guests' use: a fully equipped kitchen, lounge area, laundry, and well-lit parking lot. Parking is free to guests. All rooms have air conditioning, cable televisions, and telephones that accept incoming as well as outgoing calls. Local outgoing calls are free. Also, WiFi is free.

We have a number of rooms that have balconies with harbor views. In addition to our standard hotel rooms, we also offer TEN studio apartments with private kitchenettes, for a total of 35 rooms.

### **THE INN AT CRYSTAL COVE**

Prices range from \$89.00 to \$109.00.

We welcome the overnight, weekly, or long-term guest.

We look forward to seeing you!
